FOREWORD of Nicolas TONIN – C.E.O SAS BESTONE

I wish BESTONE is a good place to work. The employees are our main asset. They must have a safe and healthy work environment, where talent and personal merit are recognized, privacy is respected, and the right balance of professional and personal life is taken into account. I believe it is important that every employee has the opportunity to make a difference, to be innovative, open, free to express their ideas, questions and respect the rules of ethics. We must all act with integrity in accordance with all applicable laws, good governance practices and the fight against corruption. Each employee must be proud of his work and therefore of the value he brings to the company and to himself. The sharing of values is thus expressed through this charter of ethics, and must inspire each one of you.
